### Slow Grow Campaign and Event- PLAY IT PAINTED

Right folks in an effort to help everyone get there lovely Warmachine models painted, we are going to run a slow grow campaign.

#### What is a slow grow campaign?

Quite simply you start with a small force and add bits to it each month. Everyone will have the same allowance.....here's the big BUT.....BUT all the models you use have to be fully painted and based.

#### Month 1: August 11<sup>th</sup> 15pts

15 Point Force: this can only include:

- Warcaster/Warlock
- Warjacks/Warbeasts
- 1 solo or Warcater/warlock attachment

Painting: You take your 15 point force and paint an additional 10 points of models.

#### Month 2: September 8<sup>th</sup> 25pts

Painting: You take your 25 point force and paint an additional 10 points of models.

#### Month 3: October 6<sup>th</sup> 35pts

Painting: You take your 35 point force and paint an additional 10 points of models.

#### Month 4: November 10<sup>th</sup> 45pts

You take your 45 point force and paint an additional 5 points of models plus an additional Warcaster/warlock.

At any point you can defer up to 2 points to the following month. This will allow you to purchase character jacks and cav.

#### December Event (Date TBC)

**To celebrate your new found painting prowess we will run a Christmas club "fully painted" event.**

### Each Month

#### Painted

Every time you hit your painting target (8-10 points), you will receive some league points that will be used to allow you to purchase some sneaky extra abilities for the Christmas event.

#### Not Painted

If you fail to hit your painting target not only will you have to put up with only playing with what you have painted.....but you will score 0 points!!!

If you can't make a club session on the first Monday of the month we will need to see evidence (a pic on the forum) for you to score your 10 points.

#### Play everyone

We want to encourage you to play everyone, it's the best way to get better.....so:

**You can't play the same opponent more than once in a month!**
